TUESDAY EVENING, JULY 1, 1893.

## LOCAL INTELLIGENCE.

Sun rises to-morrow at 4:46; sun sets 7:14. High water 00:00 a. m. and 12:18 p. m.

WEATHER PROBABILITIES.—For this section indications are that the weather will be fair and not so warm Wednesday; winds shifting to north-easterly.

PERSONAL.—The Richmond State says: "Miss Bertie Johnson, of Church Hill, will leave this afternoon for Alexandria, where she will spend the summer with her sister, Mrs. J. E. Kidwell." Dr. W. C. Ashby has returned from a week's visit to Atlantic City.

City Surveyor H. C. Graves and his sister, Miss Lucy, left here yesterday for Chicago, where they will remain about three weeks, returning via Niagara Falls.

Mr. and Mrs. J. W. Burke and Miss Virginia Burke have returned from a pleasant visit to Virginia Beach.

Dr. Purvis has returned from a visit to Rock Enon Springs.

Dr. Abbot, President of the Mount Vernon Electric Railway Co., and C. L. Anderson, general counsel for that company, were in the city to-day and with several B. & O. railroad men and others went over the line of the electric railway to Mount Vernon.

Judge Norton has returned from Richmond.

Mr. J. T. Callahan, who has been quite sick for the past week or so, is improving.

Mrs. W. W. Adam is seriously ill at her home on Duke street.

Miss Jennie Nash left to-day for a month's sojourn at Staunton and White Sulphur Springs.

Miss Kate Entwistle is visiting friends at Halfway, Fauquier county.

Mr. A. H. Agnew, now of Florida, is in the city on a visit to his relatives and old home.

Mr. Brooke Young, son of Mr. H. H. Young, Clerk of the County Court, is seriously ill at his home in the county with typhoid fever.

Mr. Frank Hume, of the county, left to-day for Staunton on business with the Valley Mutual Insurance Company of that place.

THE GLASS FACTORY.—As heretofore stated in the GAZETTE the new glass factory at West End has been completed and it is expected that operations will soon be begun there. In speaking of the owners of the factory the *Royersford, Pa. Tribune* says: "Most of the members of the glass company formed here to operate a plant at Alexandria, Va., and their families have departed for their new field of labor. It is with deep regret we part with these gentlemen, who are composed of the cream of the trade. We do not intend to individuate them in relation to their merits. Andrew Christy, the oldest member of the firm, is a man of enterprise and thrift, and one who is believed in spending money where it is earned. Henry Schnell is an active though quiet worker. He is very popular here, and will be missed by a large following of personal friends, among whom he was a general favorite. Always considered a safe man, he has occupied the highest positions in the Glassblowers' Union, of which he is the president. His life here was such as to leave a kind remembrance in years to come. Joe Ramsey and Edward Reeve are also well-known characters, with a popularity creditable to estimate, and so we could continue through the list. Cheerfully do we recommend them to the people of Alexandria as worthy all the support possible for them to receive. They were an honor to Royersford, and will not be less so to that city."

POLICE REPORT.—Last night was clear and warm. There were seven prisoners at the station house.

Justice Thompson this morning disposed of the following cases:

Georgianna Lucas and Malinda Swallow, arrested by Officer Ticer, on complaint of Virginia Meade, for disorderly conduct, were fined \$2.50 each.

Daniel Kelly, arrested by Officer Bettis, on complaint of J. Bear, for drunken and disorderly conduct, was fined \$5.

Wm. Taylor who could give no satisfactory account of himself, arrested by Officer Ferguson, was sent out of the city.

A man arrested by Officer Davis for drunken and disorderly conduct was fined \$4.50.

Three colored boys were arrested by Officers McCuen and Henry for fighting in the southern portion of the city last night. The two older ones were fined \$2.50 each.

A white woman was given permit to enter the alms house by the acting Mayor.

THE RACES.—There was quite a crowd at the Driving Park yesterday afternoon to witness the bicycle and trotting races. The 10 mile bicycle race between W. M. Reardon, Jr., and D. E. Summers was a good one, and was won by Mr. Reardon with ease, time 39 minutes and 20 seconds. The second race, 1 mile, open to all, was a very interesting and exciting one, the finish being very close and was won by Mr. W. H. Butler; time 2 minutes and 56 seconds. The third race, 1/2 mile, boys' race, was won by Earl Van Auken in 1 minute and 43 seconds. The winner rode a racing machine, while his opponent, Preston Cockey, rode a 37 pound roadster. The fourth race, best 3 in 5, 1/4 mile dash, was won by Mr. E. E. Downham's horse. Second race, best 3 in 5, 1 mile, between county horses, was won by Mr. Cleveland's horse.

COMMITTEE MEETING.—The committee on light of the City Council, Aldermen Hinken and Sweeney and Councilmen Moore and Kaus met last night and re-elected Aldermen Hinken chairman. The committee appointed Mr. L. S. Kirby electrician at a salary of \$60 a month and gave him supervision of the line throughout the city. The salary of Engineer Campbell was reduced \$10, to \$80 a month, and he will only be required to run and keep in order the engine. The salary of the fireman, Mr. Albert Cogan, was reduced from \$45 to \$40 a month.

The committee on streets, Aldermen Leadbeater and Goodrich and Councilmen Caton and Evans, met last night and elected Councilman Caton chairman. No business was transacted though several matters were discussed.

ANOTHER RECEIVER.—Samuel Spencer, of Drexel, Morgan & Co., was yesterday appointed by Judge Goff, of the United States Court in Baltimore, co-receiver with Messrs. Huidekoper and Foster of the Richmond Terminal Com-

pany, and will have charge of the entire work of reorganizing the great railroad system. Mr. Spencer is a well-known New York financier and capitalist, and will represent Drexel, Morgan & Co., who are to reorganize the system. He was at one time Superintendent of the Virginia Midland Railway and resided in this city.

FUNERAL.—The funeral of Mr. Clarence W. Taylor took place yesterday evening and was largely attended, some of the officials and many of his young friends from the railroad offices being present. His remains were escorted to the cemetery by Oriental Lodge, K. of P., and the Jr. O. U. A. M., both of which orders he was a member. The pall-bearers were Messrs. J. H. Deaton and Jas. R. Mansfield from the above orders, Wm. Ayers and Sylvester Tyler, of Washington, Ryland Joyce and A. Mendes, of this city.

BELLIGERENTS ARRESTED.—The opportune arrival of Policemen McCuen and Henry on Gibson street, between Pitt and St. Asaph, last night brought a row in progress in that neighborhood to a sudden termination. Two of the disturbers of the peace in the shape of a couple of colored youths were arrested and locked up. This morning in the police court it was found that one of the witnesses was also a belligerent and the trio had suitable fines assessed against them.

RELIEF HOOK AND LADDER CO.—A called meeting of the Relief Hook and Ladder Company was held last night at which seven new members were elected, two who had been dropped from the rolls were reinstated and one application for membership was received. The company now has full ranks and will soon commence making arrangements to attend the exercises in Washington of the coming centennial of the laying of the corner stone of the Capitol.

IRREGULAR MAILS.—The postoffice authorities should do something about the careless way the mails in this section of the country are handled. Complaints of the irregularity with which the GAZETTE is received reach this office daily and come from every direction. This morning the mails from Baltimore for this city were not put off here, but carried on down the road—possibly to Richmond. There is no excuse for such carelessness.

CHARTER.—Judge Norton to-day granted a charter to the Childs Brick Company, the objects of which are to manufacture and sell brick of every description, tiling and terra cotta supplies. The capital stock is to be \$25,000, divided into shares of \$100 each and the principal office is to be in this city with Mr. J. R. Caton as agent. Mr. Frank Mertins, of Cumberland, is president and Mr. L. D. Scott, of this city, treasurer.

AGRICULTURAL AND MECHANICAL COLLEGE.—Attention is directed to the advertisement of the Virginia Agricultural and Mechanical College, Blacksburg, Va., J. M. McBryde, President. The next session begins September 21st, to continue nine months. This college is one of the best in the country, and is becoming more popular every year.

FOR THE PENITENTIARY.—Simon Thomas, colored, who was last week convicted in the Corporation Court of larceny and sentenced to three years in the penitentiary, was this morning taken to Richmond by Deputy Sergeant B. R. Smith, and will, this evening, be committed to the penitentiary to serve his term.

BASE BALL.—The Alexandrians who have recently organized a ball club will play their first game of the season on the new grounds at Riverside Park to-morrow evening at 4 o'clock against the Old Dominion. A good game is looked for as both sides have been practicing for some days.

THE proprietors of Ely's Cream Balm do not claim it to be a cure-all, but a remedy for catarrh, colds in the head and hay fever. It is not a liquid or a surf, it is easily applied to the nostrils. It gives relief at once. 50c.

I HAD catarrh of the head and throat for five years. I used Ely's Cream Balm, and from the first application I was relieved. The catarrh, which had been long, was restored after using one bottle. I have found the Balm the only satisfactory remedy for catarrh, and it has effected a cure in my case.—H. L. Meyer, Waverly, N. Y.

Photographic plates reveal the fact that the comet is not alone in its glory, but has a companion. The second comet is enveloped in the tail of the first one, and shows distinctly as a nebulous-like condensation. Its tail also merges into that of the other.

Geo. Eldenburg, the colored man arrested on suspicion of having killed the old soldier Swift in the county, last week, is still held in jail here. A colored man named Wm. Hall, who said he lived in Philadelphia, was arrested in Washington yesterday on suspicion of being the murderer.

The Westinghouse air-brake, used on all passenger trains to such advantage, is being generally adopted in the freight service of the Richmond and Danville, Chesapeake and Ohio and Norfolk and Western, and in fact all the trunk lines all over the country. With air-brakes and Janney automatic couplers on freight trains the loss of life will be largely reduced.
